

End of Year Plaque Order Form

To All New Families (and anyone who didn't order one yet!):

3 years ago, the Dana Hills Swim Team began using perpetual plaques recognizing participation instead of trophies. These are handed out at awards night. The initial plaque is purchased by the parents with all subsequent hanging plates to be purchased by the swim team. An example plaque is located in the Mancini family file. The plaques can be hung on a wall, and each year the swimmer will receive an additional plate that can be attached. The initial plaque represents the year the child started swimming with Dana Hills.

Special award trophies (high point, coaches award, most improved) for each age group are still given out and are completely separate from the perpetual plaques.

If you wish to order a plaque for your child, please fill out the order form below. **The one time cost is \$16 per plaque.** Make checks payable to DHST. Please put the completed forms and checks in the Mancini family file. These plaques are a little more time consuming to order and to make so we are going to get started on this early. Please keep in mind that if we do not receive an order form back from you, your child will not receive a plaque at awards night. (They will receive just the plate for this year.) I will follow up with each of you as much as possible, but ultimately it is your responsibility to get this form turned in, the sooner the better. Any other questions, feel free to ask! In order for your child to receive his plaque at awards night, I must receive this form back by July 30th. If I receive your order after July 30th, it's no problem. It won't be guaranteed that you will receive it on awards night, but your child will receive it as soon as it is available from the vendor. If you have any questions, please don't hesitate to ask.

Thanks! Tony Mancini
